

What is Realty Resource Connection?

Realty Resource Connection offers a free service that makes a customer's purchase or sale of a home an easy, enjoyable experience while simultaneously enabling the transaction to be a fundraising opportunity for non-profit organizations.

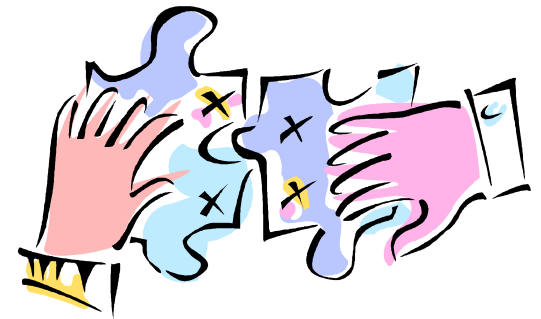

Free,

Reliable,

For a good cause.

*Transforming Real Estate Transactions
into Donations for Non-Profits*

No cost, no hassle. Fundraising has never been easier.

Are any of your organization's volunteers, friends, or family looking to buy or sell a home? Tell them to call Realty Resource Connection First! Realty Resource Connection (RRC) will refer this individual to the Realtor that best suits his/her needs.

RRC will also serve as a mentor and a second professional opinion to the individual during the entire home buying/selling process.

RRC's service is 100% FREE to the individual, so they have nothing to lose by giving it a try! If they don't like the Realtor we refer them to, they certainly have no obligation to stay.

....And the best part? This is a FREE fundraiser for your organization!

If the individual buys or sells a home through the Realtor we connect them with, we will donate 25% of the referral fee we receive from the Realtor back to you!

For example, the purchase or sale of a \$200,000 property results in a donation of approximately \$300 to you! Imagine that. And all you had to do was mention our name.

Free Web Promotion Opportunity

Each week, RRC's website will host a different "Featured Non-Profit" on its homepage. RRC will publish a brief description of the non-profit, and provide a link to the non-profit's website. On days when the non-profit isn't featured, it can always be found under the "Affiliated Non-Profits" tab of

the website.

As long as you're an eligible 501(c)(3) company, you can be included on our website for free!

You have absolutely nothing to lose, and everything to gain. Contact us today!
