What WE DO

With over 25 years of experience in the real estate industry, we can tell who's good and who isn't. That's why we carefully screen all Realtors, and only connect you with the best, most trustworthy around.

We also understand that different personality types work better together than others, that's why we strive to match you with someone that you personally will work best with.

We'll be your mentor. During the entire process of buying or selling your home, Realty Resource Connection is here to offer you our expert advice. Use us as a second opinion; we're here for you.

Connecting **you**
with the **right realtor** & donating to your cause

How

IT WORKS

Our simple, no hassle, no cost win-win solution:

- You give Realty Resource Connection a call
- We listen to what you want, and help you figure out who you need
- We interview Realtors on your behalf; you pick the one you are most comfortable with
- Upon closing your real estate transaction, we donate 25%-50% to the charity of your choice
- Remember, you never pay a cent!

Best

PART

By using our free service you are helping out a good cause!

We have made a promise to donate 25%-50% of our referral fee to the non-profit organization of your choice! That's right. Pick your favorite non-profit, and we commit to donating to them upon the successful closing of your real estate deal.

For example, the sale of a \$200,000 property results in a donation of approximately \$300-\$600 to the selected nonprofit! This can go a long way for an organization that relies solely on volunteers and donations from others.
